For Your Garden

R. E. Moss

Vinita, Okla.

A garden is a lovesome thing,
Got wot!
Rose plot,
Fringed pool,
Fern'd grot—
The veriest school
Of Peace; and yet the fool
Contentends that God is not—
Not God! In Gardens! When the
eve is cool?
Nay but I have a sign:
'Tis very sure God walks in mine.

CUT FLOWERS

"In appearance, convenience, and substantiality, this establishment is a leader in the Southwest."—The Florists' Review, Chicago.

VEGETABLE PLANTS

We send out only stocky, well-rooted vegetable plants that have been transplanted at least once. Transplanting makes a stronger and heavier root system which enables the plant to stand the drouth. The spindling, light-colored vegetable plants frequently sold out of flats are worthless, even as gifts. Transplanted plants give quicker and better returns with much less labor.

We use the best seed that can be obtained from reliable firms, and we take especial pains to keep the varieties properly labeled, but we give no warranty as to description, quality or productiveness of any plants we send out, nor will we be in any way responsible for the crop.

Most of our garden plants are grown from seed that have received special chemical treatment, which eliminates surface-borne disease spores. This treatment accelerates germination besides greatly stimulating subsequent plant growth.

CABBAGE

Golden Acres—Probably a selected early strain of Copenhagen Market, which type it resembles. Round heads, about 2 to 3 pounds each. As early as Jersey Wakefield.

Copenhagen Market—A round head variety. Heads range from 5 to 10 pounds. As seed of this variety cannot be sown before January 15th, plants are not ready to send out until March. Strong plants set in the open the last week in March will make larger and earlier heads than the southern-grown, so-called "frost-proof" plants.

15c per dozen; \$1 per 100; \$1.50 for 200; \$3.75 for 500; \$6 per 1,000. Postage extra, about 8c on one or two dozen.

CAULIFLOWER

Early Snowball—One of the best in size, color and quality.

25c per dozen; \$2 per 100. Postage extra, about 8c on one or two dozen.

TOMATOES

NOTE—Ordinary tomato seed can be bought for 40 cents per ounce. Some of the varieties listed below are grown from seed costing as high as \$5 per half ounce. Good seed means strong plants and fancy fruit.

Earliana—A good, early tomato for the family garden. Not a main crop variety. Seed of famous Penn State strain developed by the Department of Plant Breeding, Pennsylvania State College, the product of 12 years' scientific selection.

Bonny Best—Bright scarlet, smooth, uniform in size, and very early. Better than Earliana in many respects. Seed from an extra fine strain grown by the originators.

Ponderosa—Extra large, very solid, fine color and flavor, producing enormous crops. Seed from the originators of this famous variety.

Greater Baltimore—Color bright red, quality of the best. Very prolific, smooth, firm. Stands up splendidly under the mid-summer heat. This is a selection from the old Stone and is largely replacing that variety.

Marvana and Marglobe—We will have a limited supply of plants of these two famous wilt-resistant varieties, which should be used by those whose soil is infested with that disease. The former is a cross between Marvel and Earliana and the latter a cross between Marvel and Globe. Both were originated by Dr. F. J. Pritchard of the Bureau of Plant Industry, U. S. Department of Agriculture. Seed have been carefully selected for nine years.

All of the above varieties, transplanted at least once, 15c per dozen; \$1.20 per 100; \$10 per 1,000. Postage extra, about 8c on one or two dozen.

PEPPERS

Neapolitan—Extra early, medium size, light green, excellent flavor.

World Beater—A selection of the old Ruby Kling. Very thick walls. Nearly as large as Chinese Giant and much more productive.

Pimiento—The thick flesh is valuable for canning when ripe.

Chili—Small, red, very hot.

Cayenne—Long, narrow, pungent pods.

20c per dozen; \$1.50 per 100. Postage extra, about 8c on one or two dozen.

EGG PLANT

Black Beauty—Early, strong grower, purple fruit.

25c per dozen; \$2 per 100. We usually furnish these in potted plants. Postage extra, about 8c per dozen.

ASPARAGUS

Palmetto—An early, prolific variety. Best quality.

2-year-old roots, 50c per dozen; \$2 per 100. Postage extra.

RHUBARB

Victoria—Large stalks. Fine cooking variety. 2-year-old roots, 10c each; \$1 per dozen.

SWEET POTATO PLANTS

Nancy Hall—Best table variety grown.

For small quantities remit 35c per 100. For large quantities, write for quotation, stating number you need.

FLOWERING PLANTS

BEDDING PLANTS

GERANIUMS

NOTE—All the varieties listed below have been tested and are the best suited to the wind and heat of this climate.

Alphonse Ricard—Semi-double flowers of bright vermilion scarlet.

POSTAGE

Prices in this catalog do not include postage except where noted.

Be sure to include plenty of postage if you want large and thrifty plants. If too much is sent the balance will be returned to you at once.

The postage on one or two dozen garden plants will be about 8 cents for all points in the First and Second Zones. On one dozen plants from 2-inch pots it will be about 10 cents for the First and Second Zones. For larger packages estimate from the following.

First and Second Zones (within 150 miles of Vinita)—7 cents for the first pound and 1 cent for each additional pound or fraction.

Third Zone (within 150 to 300 miles of Vinita)—8 cents for the first pound and 2 cents for each additional pound or fraction.

PARCELS POST SHIPMENTS

Small packages of plants, especially transplanted garden plants, and packages of cut flowers may be safely sent by parcels post. They may be insured for a small sum and a special delivery stamp will bring them to your door immediately on their arrival.

EXPRESS SHIPMENTS

Large orders for plants, plants in earthen pots, and funeral designs should be shipped by express only. If express shipments are unreasonably delayed in transit or if they are frozen, crushed or damaged on arrival, refuse the shipment and file claim immediately against the express company for the amount of your loss.

CUT FLOWER DEPARTMENT

We endeavor at all times to carry an adequate supply of cut flowers of all varieties that are in season. Most of these are grown in our own green houses. We are prepared to take care of orders on the special days, such as Christmas, St. Valentine's Day, Easter, Mother's Day and Decoration Day. Our prices, which vary with the season, will always be reasonable.

We can furnish all the standard funeral designs and casket sprays as well as corsages and brides' bouquets at prices depending upon the size wanted and flowers used. Our designers studied under Max Schling, the leading Fifth Avenue florist, New York City, who is noted for his floral creations. So we feel confident that our work will please you.

TERMS

Our terms are strictly cash except to those who have established credit with us. A remittance should accompany your order. Otherwise goods will be sent C. O. D.
